WORK EXPERIENCE

Academic Gallery Exhibition Support

MassArt, Boston, MA 2025–PRESENT

Installing vinyl typography, graphics, and exhibition materials with close attention to layout, spacing, consistency, and overall presentation quality.

Coordinates exhibition projects with student curators by organizing meetings, tracking milestones, and supporting concept development through production and installation.

Assists curators with production planning and budgeting by estimating material costs, identifying fabrication needs, and calculating expenses throughout the exhibition process.

Retail Print & Marketing Specialist

Staples, Somerville, MA 2025–PRESENT

Prepares customer artwork for production by reviewing bleeds, layouts, image resolution, trim marks, file setup, and print specifications to ensure accurate reproduction.

Consults individuals and businesses to translate creative goals into practical print solutions, recommending materials, formats, and production methods that balance visual quality, functionality, timeline, and budget.

Production of thousands of print projects, including: flyers, booklets, business cards, brochures, posters, banners, invitations, and other marketing materials, while ensuring color reproduction and overall print quality.

AWARDS

MassArt All School Show

Boston, MA 2026

Helped with installation and planning of the Communication Design department's All School Show, which won "The Best All School Show" Award, while having my work featured.

First Lego League

Bristol, RI 2015–2016

Worked together within a small team to design a practical intervention which helped reduce plastic water bottle waste within teen sports. That concept was awarded the "Innovation Project Award" in the Rhode Island state qualifier for delivering the best solution in the competition.

EDUCATION

Massachusetts College of Art and Design

BFA, Communication Design 2025–2027

Rocky Mountain College of Art + Design

BFA, Graphic Design 2022–2024
